STARRING...

DOMAINE DUBREUIL FONTAINE

At Dubreuil-Fontaine, 20 ha of vines produce no less than 20 different appellations such as Pernand, Savigny, Aloxe , Pommard et Volnay.

The Domaine located in the **Côte de Beaune** area, cultivates **pinot noir** and chardonnay, precious grape varieties yielding the entire range of **Premiers Crus** and **Grands Crus** wines.

We use traditional methods of cultivation and pick the grapes by hand.

Steadfast principles and exemplary development. In 1879, Pierre ARBINET established the Domaine which then passed to his son in law Julien DUBREUIL; Julien's son Pierre DUBREUIL-FONTAINE expanded the vineyards.

Today Christine GRUERE-DUBREUIL. manages the operation, guided by her father Bernard DUBREUIL. A century of care continues today with achievements as exquisite as ever.

Pleasure and passion carry on ...
